The Alliance Library System has negotiated a 10% discount on movie licensing from Movie Licensing USA for school and public libraries.

Movie Licensing USA offers an annual license that covers 95% of the major motion picture studios. Once your library has the license, you can show any DVD or VHS tape that is in your library, home, or local video store as long as the license covers it. Want to know if something is covered? Check out the movie search tool on the website at www.movlic.com. Your library can search by title, actor, or genre. If the film comes up you are free to show it. You can show an unlimited amount of films, for any aspect of programming inside your library. Once your library has obtained the license you will get a customer I.D. # that will allow you to access over 300 movie posters that you can customize to your show date and time. If you can't find a title you are looking for we offer a youth and adult generic poster for you to use.
